PROFILE SUMMARY

Passionate and well spoken IT undergraduate who is well-focused in the area of communication and leadership. I have experience in delivering technical training, coordinating large-scale academic events, and creating user-friendly digital solutions. Skilled in UI/UX design, basic programming, and fundamentals of cybersecurity, with a proven ability to lead teams, manage responsibilities, and communicate effectively in diverse settings.

EDUCATION

St Joseph's Institute Of Technology   (2022-2026)

  B.Tech Information Technology
  - CGPA - 8.298 (Upto 6th sem)

Good Shepherd Mat Hr Sec School

  - SSLC : 70.4 %   (2020)
  - HSC : 62.7 % (Bio-Maths)   (2022)

SKILLS

- Programming Language : Python, SQL
- Web Technologies : HTML, CSS
- Networks and Security Basics
- Designing Tools : Figma, Canva, Adobe XD
- MS Office Suite
- Soft Skills: Communication, Teamwork, Time Management, Adaptability, Leadership

EXPERIENCE

1. Aptitude Guru Hem - UI UX Intern   **March 2025 - June 2025**
Designed customer-focused prototypes to improve user journeys for educational platforms, delivered presentation-ready visuals using Figma and Canva, and collaborated cross-functionally to present design proposals while gathering user feedback.

2. Rootecstak - Cyber Security Intern   **July 2024 - August 2024**
Conducted vulnerability scans on web applications, drafted remediation plans, strengthened reporting and communication skills, and supported the security team in identifying risks with recommended mitigation strategies.

3. BigSiBucks - Frontend Development Intern   **June 2024 - July 2024**
Developed responsive, user-friendly interfaces aligned with project requirements, collaborated with team members to refine layouts and enhance usability, and gained hands-on experience with frontend tools, frameworks, and best practices.

PROJECTS

1. UI/UX Design Project: Shopping App & Portfolio
Developed high-fidelity interactive prototypes to improve user flow and interface clarity, conducted user surveys, and presented design insights to peers and mentors for feedback-driven refinement, showcasing strong skills in UI/UX design, user research, prototyping, and feedback analysis.

2. Smart Travel Planner: Personalized Itinerary Generator with Real-Time Weather and Map Integration
Built a Smart Travel Planner that generated personalized itineraries using real-time weather and location APIs, designed an interface consolidating all travel details for easy access, and applied skills in web development, problem-solving, data visualization, and API integration.

CERTIFICATIONS

- **Linux for beginners** (Infosys Springboard)
- **Introduction to cyber security** (Cisco Networking Academy)
- **Ethical hacking essentials EHE** (EC council)
- **Hands on introduction - Python** (LinkedIn)
- **Ethical Hacking** (NPTEL Online Certification)

EXTRACURRICULAR

- Participated in **UI/UX hackathon and workshop** conducted by CognoRise InfoTech and St. Joseph's Institute Of technology
- Attended **2 Workshop on Ethical Hacking & Cyber Security** By Supraja Technology
- Summer Bootcamp Trainer (Python & UI/UX): Led and taught over 50 students, simplifying technical concepts and fostering engagement.
